COMMITTEES:
BUDGET
ENVIRONMENT AND PUBLIC WORKS
HOMELAND SECURITY AND
GOVERNMENTAL AFFAIRS
JUDICIARY
RULES AND ADMINISTRATION

June 23, 2021

The Honorable Patrick Leahy
Chairman
Senate Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Chairman Leahy,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2022 Subcommittee on Transportation, Housing and Urban Development, and Related Agencies Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Alex Padilla
United States Senator

**Padilla, Alex(D-CA) Transportation Housing and Urban Development
Congressionally Directed Spending Requests**

| Recipient Name | Project Purpose | Project Location | Amount Requested (\$000) |
|--|--|--|---------------------------------|
| City of Hayward | This new center will provide wraparound services including health, education, recreational, and career training services. | Alameda County CA | \$1,500 |
| Covenant House California | Finish construction of a new youth homeless services center in Oakland. | Alameda County CA | \$1,000 |
| Metropolitan Transportation Commission | Supports the creation of a self-sustaining advance mitigation fund. | Alameda, Contra Costa, Santa Clara, Napa, Sonoma, Marin CA | \$5,000 |
| City of Alameda | Project to develop transitional housing for low-income residents of Alameda, including 24/7, year-round temporary housing for unsheltered individuals and families. | City of Alameda CA | \$500 |
| City of Avalon | This intersection reconfiguration will channelize and calm traffic, provide shorter, more convenient and safe pedestrian crossings, and encourage multi-modal transportation options. | City of Avalon CA | \$3,700 |
| City of Avalon | The project will rehabilitate and improve the Cabrillo Mole Ferry Terminal. | City of Avalon CA | \$5,000 |
| City of Beaumont | This project is a critical component to providing greater safety, accessibility, and sustainability. | City of Beaumont CA | \$1,500 |
| City of Berkeley | Provide a safe bicycle connection and improve pedestrian safety in West Berkeley. | City of Berkeley CA | \$1,000 |
| City of Burbank | Project to install DC fast chargers for use by commuters, visitors, and residents to Burbank and the surrounding cities. | City of Burbank CA | \$500 |
| City of Burbank | The project will analyze, design, and retrofit the existing bridge pedestrian barriers on both the Olive Avenue and Magnolia Boulevard bridges. | City of Burbank CA | \$2,000 |
| City of Chino Hills | Improvements to sidewalks, curbs, gutters, pavement rehabilitation, and street lights. | City of Chino Hills CA | \$1,000 |
| Cities of Dublin and San Ramon, Town of Danville | This project provides safety improvements and enhancements to the Iron Horse Trail across multiple jurisdictions that improve the multi-use, whole access trail of regional significance from the City of Concord to the City of Pleasanton. | City of Dublin/City of San Ramon/Town of Danville CA | \$5,000 |

| | | | |
|---------------------------------------|---|---------------------------|---------|
| City of East Palo Alto, CA | This project will construct a new overcrossing to enable pedestrians and bicyclists to safely cross Highway 101. | City of East Palo Alto CA | \$9,300 |
| City of El Monte | Increase safety and awareness, reduce the number of vehicular collisions involving pedestrians and cyclists, and create a new green space. | City of El Monte CA | \$4,600 |
| City of Elk Grove | Support new interchange connection to State Route 99 to improve housing and job opportunities. | City of Elk Grove CA | \$500 |
| City of Fresno | Funds the St. Rest + Food to Share Hub, a food rescue and distribution project that will reach the most vulnerable residents in Southwest Fresno and across the metro area. | City of Fresno CA | \$666 |
| City of Fullerton | Make city-wide ADA updates to facilities, parking, and public amenities. | City of Fullerton CA | \$1,000 |
| City of Highland | Project for improvements at State Route 210 and 5th Street, which will include additional turn lanes and ramp widening. | City of Highland CA | \$3,000 |
| City of Lake Elsinore | Upgrades to sidewalks and landscaped parkways in Downtown Lake Elsinore. | City of Lake Elsinore CA | \$400 |
| City of Long Beach, Harbor Department | Charging infrastructure for zero emissions equipment to help Port reduce emissions. | City of Long Beach CA | \$5,000 |
| City of Long Beach, Harbor Department | Project to create a new 9,000-foot departure track for trains serving four container terminals at the Port of Long Beach. | City of Long Beach CA | \$3,000 |
| City of Los Angeles | Install cool pavement coating and shade trees to reduce the ambient temperature in the Sylmar neighborhood by 20 degrees or more. | City of Los Angeles CA | \$1,000 |
| City of Los Angeles | Retrofit the foundation, restore the ground-level art, and add security features. | City of Los Angeles CA | \$1,000 |
| City of Norwalk | Makes facility improvements to implement electric bus program. | City of Norwalk CA | \$3,400 |
| City of Oakland | On 7th Street between the West Oakland Bay Area Rapid Transit (BART) station, a hub of the BART system serving approximately 16,000 commuters each weekday, and Martin Luther King Jr. Way in Downtown Oakland, the project will construct protected bike lanes separating the path of travel for motorized vehicles and people on bikes/scooters; and widen sidewalks to minimum 6-foot effective width with lighting, landscape, accessible curb ramps, and | City of Oakland CA | \$6,053 |

crosswalk improvements, thereby increasing the safety and visibility of pedestrians; and install or modify traffic signals in order to improve multimodal connectivity between West Oakland, Downtown Oakland and the Oakland waterfront.

| | | | |
|--|--|---------------------------------|----------|
| City of Oakland | Create affordable housing for families earning 20% - 60% Area Median Income, households with special needs, and homeless households. | City of Oakland CA | \$5,000 |
| City of Oceanside | Develop a year-round, 50-bed homeless shelter with wrap-around care services to assist people experiencing homelessness. | City of Oceanside CA | \$2,250 |
| City of Palm Desert | Reduce traffic congestion, increase access to housing, support the economic health and growth of the community. | City of Palm Desert CA | \$10,000 |
| City of Palmdale | The project will enhance safety, reduce congestion, and improve operations of vehicular, bicycle, pedestrian, and train traffic. | City of Palmdale CA | \$2,000 |
| City of Palo Alto, California | Replacement of deficient fire station. | City of Palo Alto CA | \$6,000 |
| City of Pasadena, California | Undergrounding overhead utilities in Northwest Pasadena that are classified as extreme threat with regard to wildfire vulnerability. | City of Pasadena CA | \$1,000 |
| City of Pasadena | Construction of a public electric vehicle charging station. | City of Pasadena, California CA | \$316 |
| City of Placentia | The Placentia Metrolink Station and Parking Structure Project will construct the first new Metrolink commuter train station stop in Orange County in more than 15 years. | City of Placentia CA | \$4,400 |
| City of Placentia | Constructing a new bridge to replace the current Golden Avenue bridge. | City of Placentia CA | \$2,200 |
| City of Rialto | Project will provide pavement rehabilitation of Riverside Avenue from Interstate 10 to the South City Limit. | City of Rialto CA | \$3,000 |
| Riverside County Transportation Commission | The project will add a second train platform to the Metrolink station and lengthen the existing train platform to accommodate the length of Metrolink's standard eight-car trains. | City of Riverside CA | \$3,000 |
| City of Sacramento | Invests in safety, mobility choices, and opportunities for active transportation for youth in Sacramento. | City of Sacramento CA | \$2,400 |

| | | | |
|--|---|--------------------------|---------|
| City of San Diego, California | This project will expedite emergency repairs to two piles and enable the pier to fully reopen to public and first responder access. | City of San Diego | \$500 |
| The California Academy of Sciences | Project to transform the California Academy of Science's East Garden into an outdoor learning environment. | City of San Francisco CA | \$1,300 |
| Soboba Band of Luiseño Indians (SBLI) | Infrastructure improvements to bring an enhanced diversity of local services and economic development. | City of San Jacinto CA | \$1,000 |
| City of San José, Department of Transportation | Install safe separated bikeways to close existing network gaps and connect people that bike east-west and north-south across the City. | City of San Jose | \$2,127 |
| City of San Pablo | Project to replace San Pablo Avenue Bridge and realign the intersection for transportation safety. | City of San Pablo CA | \$8,000 |
| City of San Rafael | Development and design of a new pedestrian and bicyclist bridge crossing of the San Rafael Canal. | City of San Rafael CA | \$2,000 |
| City of Santa Clara | The project will enhance safety, improve mobility, and reduce vehicle emissions by implementing high priority bicycle projects. | City of Santa Clara CA | \$2,725 |
| City of Santa Clarita | This project will improve traffic safety, traffic flow, and reduce motorists' delays at four signalized locations and one roadway. | City of Santa Clarita CA | \$1,500 |
| City of Santa Clarita | This project will improve ingress and egress safety for emergency vehicles. | City of Santa Clarita CA | \$1,120 |
| City of Santa Clarita | Modify existing medians and striping and rehabilitate road surfaces to enhance traffic flow and safety. | City of Santa Clarita CA | \$7,600 |
| City of Santa Cruz, California | Replace the aging downtown library and include 50 units of affordable housing. | City of Santa Cruz CA | \$2,000 |
| City of Santa Maria | The Project will design and install four signalized intersections in the City of Santa Maria to improve pedestrian and vehicular safety in areas that have high incidences of broadside collisions. | City of Santa Maria CA | \$1,200 |
| City of Santa Monica | Prepare Santa Monica Airport's transformation into public space following its closure. | City of Santa Monica CA | \$3,000 |
| City of Santa Monica | Conversion of a parking structure to affordable housing to provide permanent supportive housing for persons experiencing homelessness. | City of Santa Monica CA | \$2,500 |

| | | | |
|---|---|---------------------------------------|----------|
| City of Santa Rosa | Supports electric bus charging infrastructure deployment to support future replacement of diesel buses with battery-electric buses. | City of Santa Rosa CA | \$1,275 |
| City of Stanton | Complete a 161-unit affording housing project. | City of Stanton CA | \$2,000 |
| City of Torrance | Project to retrofit an unused former community health facility. | City of Torrance CA | \$1,000 |
| City of Torrance | Strengthen city infrastructure, retain outreach workers and housing navigators, and identify city sites for potential permanent supportive or transitional housing. | City of Torrance CA | \$10,000 |
| City of Turlock | Improvements to interchange to meet current standards, reduce traffic congestion, improve connectivity, and reduce impacts to multimodal users. | City of Turlock CA | \$5,000 |
| County of Contra Costa | This project would provide multi-modal connectivity in the community of North Richmond. | Contra Costa County CA | \$2,200 |
| East Contra Costa Fire Protection District | Project will add fire stations in Brentwood. | Contra Costa County CA | \$3,000 |
| County of Contra Costa | Capital improvements to make buildings that serve as community spaces more energy efficient, environmentally healthy, and safer for the public to utilize. | Contra Costa County CA | \$1,000 |
| San Francisco Bay Area Rapid Transit District(BART) | Project to improve the functionality and availability of two existing elevators in the downtown San Francisco Powell Street Station. | Coty of San Francisco | \$5,000 |
| City of San José, Department of Transportation | Improve pedestrian conditions and transit accessibility. | Coty of San Jose CA | \$505 |
| Long Beach Public Transportation Company | Help transition to an all-electric fleet. | Counties of Los Angeles and Orange CA | \$1,000 |
| Nevada County Transportation Commission | Improve evacuation route addressing safety for both motorized and non-motorized users and improve operations, goods movement, and mobility. | Counties of Nevada and Placer CA | \$10,000 |
| County of Placer | The Placer Parkway project will serve the communities of Lincoln, Rocklin, Roseville, and rural western Placer County with an alternative transportation choice to State Route 65, Interstate 80, and the local transportation network. | Counties of Placer and Sutter CA | \$10,000 |

| | | | |
|--|--|--|----------|
| City of Sacramento | Construction of 860-foot movable, multi-modal bridge over the Sacramento River connecting the Cities of Sacramento and West Sacramento. | Counties of Sacramento and Yolo CA | \$10,000 |
| City of West Sacramento | The funding will convert the upper deck of the historic I Street railroad bridge from motor vehicle access to a dedicated bikeway/walkway, connecting designated disadvantaged and low-income community zones in the cities of West Sacramento and Sacramento. | Counties of Sacramento and Yolo CA | \$4,150 |
| Santa Barbara County Association of Governments | The project will support a continuous six-lane facility on U.S. 101 for 60 miles; improving reliability, safety, multimodal travel options, create access to jobs, and support interregional goods movement for California and the nation. | Counties of Santa Barbara and Ventura CA | \$10,000 |
| Alameda-Contra Costa Transit District (AC Transit) | Increase capacity to refuel a greater number of zero-emission buses which can then be deployed into the community. | County of Alameda CA | \$2,000 |
| County of Butte | Project to enhance accessibility to Veterans Memorial Park. | County of Butte CA | \$1,400 |
| Town of Paradise | The Project provides direct connections to evacuation routes. | County of Butte CA | \$2,000 |
| County of Butte | Improve emergency ingress and egress and road/public safety along the only route serving the Cohasset community. | County of Butte CA | \$7,500 |
| Contra Costa Transportation Authority | Synchronize signals with each other to optimize traffic flow, prioritize transit and emergency vehicles, reduce emissions, and improve safety. | County of Contra Costa CA | \$2,000 |
| County of Fresno | The project will improve road conditions, repair sidewalks, and fix slopes and curb ramps to meet ADA requirements. | County of Fresno CA | \$749 |
| County of Humboldt | The project would replace an approximately 550-foot long bridge. | County of Humboldt CA | \$8,000 |
| County of Humboldt | Improve, retrofit and reconstruct existing sidewalks and roads to provide safe and convenient travel by all road users. | County of Humboldt CA | \$6,860 |
| Foothill Transit | Deploy zero-emission double deck buses in the San Gabriel and Pomona Valleys in Los Angeles County. | County of Los Angeles CA | \$10,000 |

| | | | |
|--|---|-----------------------------|----------|
| County of Los Angeles | Multi-benefit green infrastructure park development project for the creation of the San Gabriel Valley Park Center. | County of Los Angeles CA | \$1,500 |
| County of Los Angeles | Project to create new community park at the old MacLaren Hall site, to provide much needed open space and recreational amenities for the El Monte community. | County of Los Angeles CA | \$1,500 |
| Destination Crenshaw | This project is a community-led public/private streetscape improvement and cultural infrastructure initiative. | County of Los Angeles CA | \$1,000 |
| Monterey-Salinas Transit District | Supports the purchase of zero-emission battery electric buses and installation of the associated charging infrastructure. | County of Monterey CA | \$1,600 |
| County of Monterey | Project will co-locate a new affordable family housing development with permanent supportive housing next to a housing navigation center. | County of Monterey CA | \$2,000 |
| County of Monterey | This project would fund a homeless youth housing campus that would co-locate a combination of an emergency shelter and transitional housing for transition age youth between 18 and 24 years old. | County of Monterey CA | \$2,000 |
| Riverside County Transportation Commission | This project would reconfigure lanes to the I-10 underpass at Highland Springs Avenue and add auxiliary lanes to the ramps. | County of Riverside CA | \$3,000 |
| County of Riverside | Supports park infrastructure improvements for a community space located in a severely disadvantaged area. | County of Riverside CA | \$1,000 |
| Sacramento Area Council of Governments | A multi-year pilot program to increase housing options and affordability, while lowering greenhouse gas emissions and vehicle miles traveled. | County of Sacramento | \$1,250 |
| Sacramento Regional Transit District | Provide new low-floor light rail vehicles and convert and upgrade station platforms. | County of Sacramento CA | \$10,000 |
| County of Sacramento | Make accessibility modifications and repairs to a facility that provides shelter, food, and case management to persons experiencing homelessness. | County of Sacramento CA | \$1,000 |
| County of Sacramento | Improve safety along the American River Parkway Trail, a multiuse trail and popular commuter route connecting the cities of Folsom and Rancho Cordova to downtown Sacramento. | County of Sacramento CA | \$1,895 |
| County of San Bernardino | Project to purchase and install electric vehicle charging stations at Chino Airport. | County of San Bernardino CA | \$1,000 |

| | | | |
|--|--|----------------------------|----------|
| San Diego Association of Governments | This project will complete the final design and construction of COASTER Commuter Rail Corridor Stabilization along the Del Mar Bluffs. | County of San Diego CA | \$10,000 |
| San Diego Association of Governments (SANDAG) | This project will support a direct transit connection between the San Diego International Airport and the greater San Diego region. | County of San Diego CA | \$8,000 |
| San Francisco County Transportation Authority | The Yerba Buena Island Westside Bridges Seismic Retrofit project will bring eight structurally deficient bridge structures on the west side of Yerba Buena Island up to current seismic safety standards. | County of San Francisco CA | \$10,000 |
| San Francisco Market Corporation | Supports construction planning of a building to house merchant businesses and the Market's community food program. | County of San Francisco CA | \$1,460 |
| Transbay Joint Powers Authority (TJPA) | Supporting facility access for all transit passengers and visitors, including individuals with disabilities. | County of San Francisco CA | \$1,000 |
| County of Santa Barbara | Seismic retrofitting and electrical and energy system upgrades to historic facilities. | County of Santa Barbara CA | \$1,300 |
| Santa Cruz County Regional Transportation Commission | Develop an integrated replacement of the Highway 1 bridge over the Scotts Creek Watershed and to conduct ecological restoration. | County of Santa Cruz CA | \$3,500 |
| Santa Cruz Metropolitan Transit District (METRO) | The project will replace gasoline non-revenue vehicles that have exceeded their useful lifespan with electric vehicles. | County of Santa Cruz CA | \$230 |
| Santa Cruz County Regional Transportation Commission | This project will construct 7.5 miles of new multi-use paved path with striping, parallel unpaved shoulder, and parking improvements along the scenic north coast and coastal bluffs in Santa Cruz County between Wilder Ranch State Park entrance in the south to the town of Davenport in the north. | County of Santa Cruz CA | \$3,800 |
| City of Santa Cruz, California | Expand emergency shelter capacity and provide shelter and other services to help transition persons from homelessness. | County of Santa Cruz CA | \$1,500 |
| County of Solano | Construction of a half-mile accessible loop trail. | County of Solano CA | \$500 |
| Solano Transportation Authority | This Project improves mobility equity in Vallejo. | County of Solano CA | \$4,000 |

| | | | |
|---|---|---|----------|
| Solano Transportation Authority | The project proposes improvements to the Vaca Valley Parkway corridor from west of the Vaca Valley Parkway/East Monte Vista Avenue/Crocker Drive intersection to east of the northbound on/off ramps with Interstate 505. | County of Solano CA | \$4,000 |
| County of Sonoma | Installation of solar system for building that serves as mass care and shelter location, cooling center, and location for veterans organizations. | County of Sonoma CA | \$640 |
| Sonoma County Transportation Authority | Improve mobility and provide tidal marsh wetland conservation and restoration. | County of Sonoma CA | \$10,000 |
| City of Fresno and Fresno Yosemite Intl Airport | This projects provides for various improvements of the Fresno Yosemite Airport terminal. | Fresno CA | \$5,000 |
| City of Fresno and Fresno Yosemite Intl Airport | This project will reduce and mitigate safety risks associated with ground operations related to passenger deplaning activities. | Fresno,Kern,Kings,Madera,Merced,San Joaquin,Stanis CA | \$3,000 |
| City of Imperial | Prioritize positive pedestrian access, mobility, and ADA compliance, while addressing traffic issues like excessive travel speeds. | Imperial County CA | \$1,000 |
| Southern California Association of Governments | The project seeks to enhance the Southern California region's ability to better manage the freight flow serving the rest of the Nation. | Imperial,LA,Orange,Riverside,San Bernadino,Ventura CA | \$3,358 |
| Southern California Association of Governments | This study will identify and evaluate urban highways in Southern California, particularly those intersecting with environmental justice areas and disadvantaged communities, to identify candidates for conversion to city streets or capping projects. | Imperial,LA,Orange,Riverside,SanBernardino,Ventura CA | \$480 |
| City of Inglewood | The Inglewood Transit Connector project will provide residents and visitors with a state-of-the-art transit connection to-and-from the Metro Crenshaw/LAX Line directly to destinations in the City of Inglewood. | Inglewood CA | \$10,000 |
| City of Hanford | The Grangeville Boulevard grade separation project will provide a grade separated east-west arterial roadway in the City of Hanford, eliminating delay and providing safer crossing of the BNSF track. | Kings County CA | \$2,650 |
| Kings County | Enhance mobility, access, and safety for vehicles, bicyclists and pedestrians while improving community connectivity. | Kings County CA | \$2,000 |

| | | | |
|--|---|--|----------|
| California Community Economic Development Assoc. | Increase access to capital for Latino and African American owned small businesses and entrepreneurs. | LA, Sacramento, Santa Cruz, & Stanislaus Counties CA | \$500 |
| San Joaquin Regional Rail Commission | Once completed the North Lathrop Transfer Station will allow passengers to transfer from trains traveling from Sacramento bound trains coming north from Merced to trains traveling south from Sacramento and Stockton heading to San Jose, thus allowing passengers from all trains to reach San Jose. | Lathrop CA | \$4,000 |
| LA County Metropolitan Transportation Authority | The East San Fernando Valley Light Rail Transit Project is a vital public transit infrastructure investment that will provide improved transit service along the busy Van Nuys Boulevard and San Fernando Road corridors serving the eastern San Fernando Valley. | Los Angeles CA | \$10,000 |
| San Gabriel Valley Regional Housing Trust | Provides for site acquisition, construction and capital improvements of affordable housing developments. | Los Angeles CA | \$10,000 |
| Los Angeles World Airports | This project will provide electrical power charging systems at the new LAX bus yard. | Los Angeles CA | \$2,000 |
| City of Los Angeles-Harbor Department (Port of LA) | The Wilmington Waterfront Avalon Pedestrian Bridge is part of the Los Angeles Waterfront, which provides waterfront access and amenities for the harbor communities of Wilmington and San Pedro, as well as the broader public. | Los Angeles County | \$10,000 |
| Los Angeles County Metropolitan Transportation Authority | The Sepulveda Transit Corridor will provide a high-quality transit service that effectively serves the large and growing travel demand between the heavy concentrations of households in the San Fernando Valley and the major employment and activity centers on the Westside. | Los Angeles County CA | \$10,000 |
| Los Angeles County Development Authority (LACDA) | Develop multi-family and senior affordable housing, a transit transportation and innovation center, an anchor to address the food desert in the community, and tenant spaces for local entrepreneurship. | Los Angeles County CA | \$1,000 |
| Los Angeles Streetcar, Incorporated | The LA Streetcar project will implement a 3.4-mile zero-emissions streetcar system with power grid resiliency upgrades in downtown Los Angeles. | Los Angeles County CA | \$2,000 |

| | | | |
|--|--|------------------------------------|----------|
| San Gabriel Valley Council of Governments | The project consists of a new roadway underpass on Montebello Boulevard, new railroad bridge, and new vehicle bridge for Olympic Boulevard. | Los Angeles County CA | \$10,000 |
| San Gabriel Valley Council of Governments | Construct a rail-roadway grade separation to reduce fatalities, injuries, and collisions and reduce vehicular traffic congestion. | Los Angeles County CA | \$10,000 |
| County of Marin | Improving bicycle and pedestrian access along East Sir Francis Drake Blvd between Interstate 580 and US Highway 101. | Marin and Contra Costa Counties CA | \$640 |
| City of Merced | Construction of new fire station. | Merced County CA | \$3,500 |
| Transportation Agency for Monterey County | Create a new interchange, remove nonstandard features, reduce left turn movements, and construct a network of frontage roads to improve safety and facilitate goods movement. | Monterey County CA | \$2,000 |
| California State University, Fullerton (CSUF) | The construction of a new pedestrian bridge at the busiest intersection along the Cal State Fullerton campus to improve safety and traffic flow. | Orange County CA | \$1,200 |
| San Gabriel Valley Council of Governments | Project will construct eastbound highway improvements and bypass connectors designed to separate local and freeway traffic flows, reduce weaving conflicts, increase merge lengths, and provide targeted congestion relief improvements. | Orange and Los Angeles Counties CA | \$10,000 |
| San Bernardino County Transportation Authority | This project includes the procurement and future conversion of existing Diesel Multiple Unit rail vehicles to a zero- or low-emission rail vehicle to be implemented on the Redlands Passenger Rail Project corridor as part of the future Arrow service by the Southern California Regional Rail Authority. | Redlands CA | \$10,000 |
| City of Blythe | Replacement of existing water reservoir with a new, 500,000 gallon bolted steel water tank. | Riverside County CA | \$500 |
| City of Calimesa | Project involves construction of intersection improvements at County Line Road and Calimesa Boulevard. | Riverside County CA | \$2,000 |
| City of Temecula | Improve traffic safety and address traffic congestion and delays. | Riverside County CA | \$800 |
| City of Murrieta | Construct a new and innovative dual roundabout interchange with auxiliary lanes. | Riverside County CA | \$10,000 |

| | | | |
|--|--|---|----------|
| City of Menifee | Construction of bridge to raise the roadway out of the existing floodplain for the safety and access of emergency vehicles and to improve connectivity. | Riverside County CA | \$3,000 |
| City of Rancho Cucamonga | Integrate technology to improve the flow of vehicle traffic and improve safety. | San Bernadino County CA | \$1,000 |
| City of Chino | Project to reduce congestion, increase safety, and expand regional connectivity along Pine Avenue. | San Bernardino County CA | \$5,000 |
| City of Montclair | Replacement of structurally deficient Central Avenue Bridge. | San Bernardino County CA | \$10,000 |
| West Valley Water District | Improve operations and security of water district. | San Bernardino County CA | \$500 |
| San Bernardino International Airport Authority | Critical repair work on main runway at San Bernardino International Airport. | San Bernardino County CA | \$1,000 |
| Hope through Housing Foundation | Deliver financial education, one-on-one coaching, and cost assistance to help low-income residents in affordable housing communities. | San Bernardino, San Diego, LA, Riverside, Orange CA | \$471 |
| City of National City | The project will construct a key segment of San Diego's Regional Bike Network, complete the last segment of the Bayshore Bikeway within National City, and enhance bicycling connections to transit and other key local and regional destinations. | San Diego County CA | \$700 |
| City of Santee | To alleviate congestion, project seeks to add a auxiliary/truck climbing lane, as well as ramp modifications and relocating a bicycle route. | San Diego County CA | \$2,500 |
| La Maestra Community Health Centers | Funding for internal and external improvements to La Maestra's clinical facility in National City. | San Diego County CA | \$500 |
| City of San Diego, California | This project will provide increased safety on University Avenue between Fairmount Avenue and Euclid Avenue. | San Diego County CA | \$450 |
| San Francisco Municipal Transportation Agency | Project will connect downtown San Francisco and San Francisco's Mission District through the South of Market Area with active transportation infrastructure and a transit-only bus lane. | San Francisco CA | \$2,500 |
| San Francisco Municipal Transportation Agency | Purchase and testing of San Francisco's first 60-foot active electric motor coaches, to serve as a test of City's future electric bus fleet. | San Francisco CA | \$2,280 |
| San Joaquin Regional Transit District | Replace existing diesel-hybrid buses with hydrogen fuel cell electric buses. | San Joaquin County CA | \$6,200 |

| | | | |
|--|--|-----------------------|----------|
| City of South San Francisco | Accommodates planned local economic and job growth, and provides bicycle/pedestrian improvements and increased connectivity. | San Mateo County CA | \$1,000 |
| SOMOS MAYFAIR INC | Integrate permanent ongoing supportive housing services, family supports, and economic development. | Santa Clara County CA | \$500 |
| City of Santa Clara | This project will reduce vehicle delays, air pollution, greenhouse gases, and vehicle miles traveled at a major intersection and roadway in the City of Santa Clara. | Santa Clara County CA | \$10,000 |
| Golden Gate Bridge, Highway & Transportation Distr | This project will reconstruct the ferry passenger boarding system to maintain safety and service reliability for passengers at its Sausalito ferry terminal. | Sausalito CA | \$6,000 |
| Shasta Regional Transportation Agency | Add auxiliary lanes and a suite of intelligent transportation system technologies. | Shasta County CA | \$10,000 |
| Stanislaus Council of Governments | This project will improve the movement of Central Valley goods to and from the Port of Oakland. | Stanislaus County CA | \$10,000 |
| Town of Windsor, CA | Addition bike pathways and pedestrian facilities along the Old Redwood Highway under-crossing at the US 101 interchange. | Town of Windsor CA | \$500 |
| City of Dinuba | Construction of second fire station in Dinuba. | Tulare County CA | \$5,000 |
| City of Farmersville | New centrally located fire station with proper barrack space, training areas, and parking areas for the fire apparatus. | Tulare County CA | \$7,000 |
| Oxnard Harbor District | This project will transform an obsolete warehouse to modern freight facility to handle cargo and create new jobs. | Ventura County CA | \$2,000 |
| City of Walnut Creek | Maintain state of good repair on roads in the City of Walnut Creek. | Walnut Creek CA | \$2,500 |
| City of Walnut Creek | Increase the supply of affordable housing by funding a mixed-use residential building and supportive services for extremely low- and low-income households. | Walnut Creek CA | \$4,650 |
