

Date	Amount	Recipient	Project/Description
9/20/22	\$5,000,000	Scotts Valley Band of Pomo Indians (Kelseyville)	This grant is to jumpstart the Tribe's renewable energy industry through development of a sustainable fuel processing facility. This project will support site work and equipment procurement for a new woody biomass processing facility that will be used to transform locally-sourced, low-value biomass into firewood, pellet-based fuels, and other bioenergy products. This grant is funded by the American Rescue Plan's Indigenous Communities program.
9/20/22	\$4,000,000	Homeboy Industries (Los Angeles)	This grant is to support workforce development in the culinary and food sectors. This grant will allow Homeboy Industries, a nonprofit youth rehabilitation program, to renovate an existing facility to provide vocational training to previously incarcerated individuals, preparing them for employment in the food and culinary sectors. The EDA investment will be matched with \$1 million in local funds and is expected to create or retain nearly 200 jobs and generate \$11.3 million in private investment, according to grantee estimates. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance program.
9/20/22	\$4,000,000	City of Visalia	This grant is for transportation infrastructure improvements needed to boost business development and job growth. The project will widen a portion of Riggins Avenue, improving access to the Visalia Industrial Park and supporting the expansion plans of the industrial park's tenants. The EDA investment will be matched with \$4.4 million in local funds and is expected to create or retain nearly 225 jobs and generate \$360,000 in private investment, according to grantee estimates. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance program.
9/20/22	\$3,000,000	City of Anaheim	This grant is to support and diversify the regional economy through new entrepreneurial innovation and workforce development programs. This grant will facilitate renovation of an existing space to serve as a business incubator and workforce training center, providing development support and vocational instruction to members of underserved communities seeking entrepreneurial and employment opportunities in the food sector. The EDA investment will be matched with \$2.2 million in local funds and is expected to create 468 jobs, retain 108 jobs, and generate \$3.9 million in private investment, according to grantee estimates. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance program.

9/20/22	\$1,200,000	Stanislaus Business Alliance (Modesto)	This grant is to support workforce development in the manufacturing industry. This project will help establish VOLT on the Go, a mobile workforce development program designed to provide manufacturing job training to rural areas of California's San Joaquin Valley. This EDA grant will be matched with \$326,120 in local funds and is expected to create or retain 100 jobs, according to grantee estimates. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance Program.
9/13/22	\$4,900,000	City of Guadalupe	This grant is to improve local tourism infrastructure and amenities. This grant will facilitate the renovation and remodeling of the historic Royal Theater Building, developing it into a centrally located visitor attraction to stimulate local commercial activity. This EDA grant will be matched with \$314,879 in local funds and is expected to create 507 jobs, retain 176 jobs, and generate \$11.4 million in private investment, according to grantee estimates. This project is funded under EDA's \$240 million competitive American Rescue Plan Travel, Tourism, and Outdoor Recreation program.
9/6/22	\$825,230	Noyo Center for Marine Science (Fort Bragg)	This grant is to boost tourism in Mendocino County through the development of new visitor infrastructure. This grant will support design work and a feasibility study for the Noyo Center for Marine Science's Ocean Science Center, a planned marine research and visitor center. The EDA investment will be matched with \$207,891 in local funds. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance program.
9/2/22	\$65,100,000	Fresno-Merced Future of Food Innovation (F3) Coalition	Funded by the American Rescue Plan and administered by the EDA, the Build Back Better Regional Challenge is awarding approximately \$65.1 million in grants to the Fresno-Merced Future of Food Innovation (F3) Coalition, led by the Central Valley Community Foundation, to drive agriculture innovation in California's Central Valley. This grant is to integrate technology into the agriculture industry to improve productivity and job quality for farmworkers, while also driving a more resilient and sustainable food system. EDA funding will support the launch of iCREATE, an ag-tech hub with the mission of accelerating the development and transfer of technology between researchers at local universities and farmers across the region. At the same time, community colleges throughout the Central Valley will receive access to training and new technology to equip students and workers with the skills needed to access higher quality, higher paying jobs in ag-tech—improving both farm productivity and wages.

8/23/22	\$2,700,000	Golden State Finance Authority (Sacramento)	This grant is for for high-speed internet planning. This project will support the development of a strategic plan to guide the expansion of high-speed internet across 26 rural counties of California. This EDA grant will be matched with \$1.2 million in local funds and is expected to generate \$400 million in private investment, according to grantee estimates. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance Program.
8/3/22	\$23,000,000	Fresno County Economic Development Corporation	This grant is to develop and launch a program that aims to bolster and diversify the regional economy by placing thousands of workers into good-paying jobs. This program will unite dozens of employers in the financial services, manufacturing, transportation and logistics, and construction industries to develop apprenticeships, bootcamp-style and individualized training programs, and career placement services to develop the local workforce and strengthen the region's economy. This grant is funded through the American Rescue Plan Good Jobs Challenge.
8/3/22	\$21,500,000	Foundation for California Community Colleges (Sacramento)	This grant is to develop and launch California Resilient Careers in Forestry, a forestry workforce training program. This program will partner with industry and leading educational institutions to scale a statewide infrastructure for training in forest health and fire safety. By working to recruit, support and train local communities in partnership with multiple Hispanic-serving institutions, Indigenous-led partners, and other local community-based organizations, the project will expand the industry's talent pool and diversify the field. This grant is funded through the American Rescue Plan Good Jobs Challenge.
7/26/22	\$5,500,000	City of American Canyon	This grant is to improve transportation infrastructure in the Green Island Industrial District (GRID). This project will recondition and expand damaged and capacity-limited roads in the GRID, ensuring local infrastructure meets the business needs of major employers. This EDA grant will be matched with \$4.5 million in local funds and is expected to create 57 jobs, retain 80 jobs and generate \$31.5 million in private investment, according to grantee estimates. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance Program.
6/14/22	\$8,000,000	Fort Independence Community of Paiutes of Fort Independence Reservation (Independence)	This grant is to support Tribal enterprises on the Fort Independence Reservation. This grant will support the construction of a new gas station and travel center on Tribal lands. The EDA investment is expected to create 64 jobs and retain 14 jobs, according to grantee estimates. This project is funded under EDA's \$240 million competitive American Rescue Plan Travel, Tourism, and Outdoor Recreation program.

5/10/22	\$5,000,000	Yurok Tribe (Klamath)	<p>This grant is to support establishment of an aerial imaging enterprise, Condor Aviation. The grant facilitates the acquisition of a fixed-wing single engine aircraft, LiDAR bathymetric laser scanner sensor, and related components for the Tribe's Airborne LiDAR and Mapping Enterprise Program, Condor Aviation. The equipment will advance the Yurok Tribe's efforts to collect important topographic and imagery data needed for the effective management of the Tribe's natural resources. The enterprise will also be available to service the needs of other government agencies in Northern CA, and will create new jobs and opportunities for Tribal members in STEM career fields. This EDA grant is expected to create or retain more than 20 jobs, according to grantee estimates. This project is funded under EDA's American Rescue Plan Indigenous Communities program.</p>
5/10/22	\$671,500	Mariposa County	<p>This grant is to help develop the Mariposa Creek Trailhead and Destination Park. This project will support the long-term recovery of tourism in Mariposa County through the expansion of recreational opportunities designed to make the county a year-round destination for visitors. This EDA investment will be matched with \$180,000 in state and local funds. This project is funded under EDA's \$240 million competitive American Rescue Plan Travel, Tourism, and Outdoor Recreation program.</p>
4/19/22	\$3,000,000	Shakespeare Center of Los Angeles, Inc. (Los Angeles)	<p>This grant is for renovations to a 6,688-square foot warehouse needed to train and upskill workers in Southern California's entertainment industry. This project will provide for the establishment of a workforce development center, offering training and job placement assistance into well-paying, quality jobs in lighting design, audio technology, wardrobe management, and other fields in the entertainment industry. The EDA investment will be matched with \$3.3 million in local funds and is expected to create 92 jobs and retain 54 jobs. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance Program.</p>

3/22/22	\$4,000,000	City of Santa Cruz	This grant is to develop a new arts and entertainment infrastructure and increase tourism to the region. This project will support the long-term recovery of the arts, entertainment, and recreation sectors while promoting tourism through the construction of a new, 5,360-square foot performance and dance building within the Tannery Arts Center complex. The new facility will include two performance bays, office space, and changing areas. The arts, performing and visual, have been a growing part of the tourism economy in Santa Cruz as it provides for year round activities that draw visitors from outside the county. This EDA grant will be matched with \$990,000 in local investment and is expected to create 60 jobs, retain 70 jobs, and generate \$1.3 million in private investment. This is the first project funded under EDA's \$240 million competitive American Rescue Plan Travel, Tourism, and Outdoor Recreation program.
2/17/22	\$1,100,000	City of South San Francisco	This grant is to develop the North County Business Resource Center. The new facility will benefit low and moderate income. and previously underserved populations by providing technical assistance to emerging and small businesses in North San Mateo County. Programs offered by the center will include business training classes, technology workshops, and website development instruction. This EDA grant will be matched by \$283,432 in local investment, is expected to create 372 jobs, retain 748 jobs, and generate \$43.7 million in private investment. This project is funded under EDA's American Rescue Plan Economic Adjustment Assistance program.
12/8/21	\$45,948,199	California Travel and Tourism Commission	This grant is part of EDA's State Tourism Grant Program to help states quickly invest in marketing, infrastructure, workforce and other projects to rejuvenate safe leisure, business and international travel.
11/4/21	\$1,000,000	State of California	This grant is to support statewide economic development planning efforts.
	\$347,274	Feather River Land Trust	This grant is part of EDA's competitive Tourism Grant Program
	\$213,483	Valley Vision, Inc.	This grant is part of EDA's Economic Adjustment Assistance Program
