

United States Senate
WASHINGTON, DC 20510

May 13, 2022

The Honorable Patrick Leahy
Chairman
Senate Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Chairman Leahy,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2023 Subcommittee on Transportation, Housing and Urban Development, and Related Agencies Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

A handwritten signature in black ink, appearing to read "Alex Padilla", written over a circular stamp or watermark.

Alex Padilla
United States Senator

**Padilla, Alex(D-CA) Transportation Housing and Urban Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
City of Berkeley	The project will provide a safe, low-stress bicycle connection and improve pedestrian safety in disadvantaged communities in West Berkeley, filling a gap in the city's existing bicycle boulevard network.	Alameda County CA	\$1,100
East Bay Community Energy	The project is to invest in building, owning and operating a network of publicly accessible EV fast charging hubs to ensure all residents can join and benefit from the transition to EVs near term.	Alameda County CA	\$1,408
Alameda County Transportation Commission	The project would support safety, transit, and placemaking improvements along San Pablo Avenue and parallel bike routes in Alameda County.	Alameda County CA	\$3,000
City of Newark	The project would help ensure the safe, efficient, and reliable movement of vehicles and freight by performing much-needed pavement maintenance and restoration along a critical multimodal arterial corridor that serves as an essential alternate connector route between Interstate 880 and California State Route 84.	Alameda County CA	\$2,000
City of Oakland	Project to improve safety for pedestrians, cyclists, and public transportation riders along 14th Street in Oakland.	Alameda County CA	\$5,000
City of Alameda, CA	The project focuses on safety and transit efficiency on the Central Avenue corridor in central and west Alameda, which is a high injury corridor in an area with about 5,000 students.	Alameda County CA	\$1,500
East Bay Community Energy	The project is to invest in building, owning and operating a network of publicly accessible EV fast charging hubs to ensure all residents can join and benefit from the transition to EVs near term.	Alameda County CA	\$817
East Bay Community Energy	The project is to invest in building, owning and operating a network of publicly accessible EV fast charging hubs to ensure all residents can join and benefit from the transition to EVs near term.	Alameda County CA	\$1,209
Alameda-Contra Costa Transit District	The project would help AC Transit upgrade its hydrogen bus refueling infrastructure, resulting in reduced greenhouse gas emissions and improved air quality and health outcomes in East Oakland.	Alameda and Contra Costa Counties CA	\$1,000
City of Oakland	This project will support the development and utilization of a mobile rapid-deployment charger for heavy-duty EV trucks at the Port of Oakland.	Alameda and Contra Costa County CA	\$1,000
Water Emergency Transportation Authority (WETA)	Support the installation of diesel particulate filters on two of WETA's vessels under construction.	Alameda, Contra Costa, San Francisco, San Mateo, and Solano Counties CA	\$1,520
Town of Paradise	The project is a direct response to the 2018 Camp Fire disaster as the town lacked efficient evacuation routes and capacity. The project provides direct connections to the downhill evacuation routes and additional flexibility for traffic management during emergency events.	Butte County CA	\$1,800
County of Butte	The project focuses on the only ingress and egress for the community of Cohasset, which would improve emergency access and public safety.	Butte County CA	\$2,800

County of Calaveras	Project to develop of a Resource, Resilience and Navigation Center in Calaveras County. The Center will be a central location for County residents to come to receive assistance from the County for a range of health and human services.	Calaveras County CA	\$1,500
County of Calaveras	Supports upgrades to State Route 4.	Calaveras and San Joaquin Counties CA	\$2,000
City of Agoura Hills	Project to construct Linear Park to offer outdoor recreational opportunities in an area that currently has no designated open recreation space.	City of Agoura Hills CA	\$3,300
City of Avalon	Project to construct an Engineered Municipal Solid Waste process to slow the amount of waste entering the landfill and extend its useful life.	City of Avalon CA	\$2,000
City of Bell Gardens	Project to build facility to support aquatic recreational opportunities for the Southeast Los Angeles County region.	City of Bell Gardens CA	\$1,500
The City of Berkeley	Renovation of the MLK Jr. Youth Services Center into a modern community facility for year-round middle school youth programming.	City of Berkeley CA	\$1,750
City of Brea	The City of Brea, through Fire Station 4, is responsible for providing fire and emergency services to Chino Hills State Park. This funding will support operational costs of the station and ensure that it can provide emergency medical aid and response to wildland fires, structure fires, and traffic collisions.	City of Brea CA	\$1,800
City of Brea	Modernization of the over 30 year old Arovista Park in the historic south Brea neighborhood.	City of Brea CA	\$2,000
City of Carson	Project will plant 5,596 trees across the entirety of Carson to improve air quality and address heat island effects that are a result of largely concrete and asphalt surfaces across the City and the Greater Los Angeles area.	City of Carson CA	\$2,000
City of Carson	Funding for ADA and accessibility improvements to Anderson Park in the City of Carson.	City of Carson CA	\$1,257
City of Chino Hills	Project to install solar photovoltaic systems at four City of Chino Hills facilities that are essential to maintain continuity of services when disaster strikes.	City of Chino Hills CA	\$2,500
City of Concord	Project to install broadband fiber and connect all traffic signals along the Monument Boulevard Corridor in the City of Concord	City of Concord CA	\$1,500
City of Desert Hot Springs	The project includes the construction of two new bridges over low water crossings along Indian Canyon Drive. The proposed bridges will help mitigate the flooding and blow sand hazards and prevent road closures during and after rain events.	City of Desert Hot Springs CA	\$3,180
City of Dinuba	Funding to replace aerial ladder truck at end of its service life with a brand new fire apparatus.	City of Dinuba CA	\$1,500
City of East Palo Alto	Project to provide a new public library in East Palo Alto.	City of East Palo Alto CA	\$750
City of East Palo Alto	This project will provide traffic calming, sidewalks, and other essential improvements to a frontage road that runs along the northeast side of U.S. Highway 101.	City of East Palo Alto CA	\$1,000
City of Emeryville	This funding would support the development of an intergenerational affordable housing project.	City of Emeryville CA	\$2,500
City of Fremont	Funding will help provide broadband services as part of the Fremont's Fiber Master Plan by strategically deploying community Wi-Fi zones in the City's six commercial district plazas.	City of Fremont CA	\$1,500

City of Fremont	Project to provide critical facility improvements to the Age Well Center in Fremont.	City of Fremont CA	\$1,000
City of Fresno	This funding would help to build tiny homes, which would fill an important housing type gap for those in shelters seeking to transition to long-term affordable housing options.	City of Fresno CA	\$4,000
City of Fresno	These buses will reduce greenhouse gas emissions, thereby improving regional air quality and public health, while increasing public access to clean transportation options.	City of Fresno CA	\$5,616
City of La Habra	Rehabilitation of the La Habra Children's Museum, including the addition of new exhibit space and safety improvements.	City of La Habra CA	\$2,000
City of Lafayette	Funding would assist with the design and construction of improvements to create a Safe Route to School and Complete Street corridor along School Street in the City of Lafayette.	City of Lafayette CA	\$3,100
City of Laguna Beach	This project will replace the existing 75-year-old fire station in South Laguna Beach.	City of Laguna Beach CA	\$2,000
City of Laguna Beach	Project to improve a 2.5 mile-long corridor along Laguna Canyon Road.	City of Laguna Beach CA	\$2,000
City of Lancaster	Funding for equipment and enhancements to community center for underserved youth.	City of Lancaster CA	\$500
City of Lompoc	Upgrades to Pioneer Park, including installation of accessible playground equipment and exercise equipment.	City of Lompoc CA	\$791
San Gabriel and Lower Los Angeles Rivers and Mount	The Southeast Los Angeles (SELA) Cultural Center, a Los Angeles River community revitalization project, will be a multi-arts cultural facility for nearby communities and region at large. Funding will support the study, review, and approval of a joint Environmental Impact Report covering the Los Angeles County Flood Control District relocation and the SELA Cultural Center.	City of Los Angeles CA	\$2,500
City of Lynwood, CA	Renovation of the north-side of Lynwood City Park and construction of new community playground.	City of Lynwood CA	\$2,000
City of Lynwood, CA	Construction of a new skate park to help close the gap in teen programming in the southeast Los Angeles area.	City of Lynwood CA	\$500
City of Mission Viejo	Cultural and educational event space that will provide a central gathering place in the Mission Viejo community.	City of Mission Viejo CA	\$1,800
City of Modesto	Project to build a playground with accessibility to people of all ages at Beyer Community Park.	City of Modesto CA	\$3,000
City of Napa	Funding for this project will expand an existing service and housing model to create opportunities for individuals currently experiencing chronic homelessness with significant supportive services to address co-occurring mental health and substance abuse needs.	City of Napa CA	\$1,200
City of Norwalk	Funding for the procurement and installation of a dedicated emergency backup generator for two sites that serve as emergency or temporary shelters.	City of Norwalk CA	\$1,318
City of Oakland	This funding would help expand a vital community center in Oakland with resiliency infrastructure and integrated emergency response services.	City of Oakland CA	\$2,000
City of Oakland	Project to acquire and convert a motel into 36 units of permanent supportive housing for those experiencing or at risk of homelessness.	City of Oakland CA	\$5,000

City of Oceanside, California	Project to upgrade the Oceanside Fire Training Center, which is a multi-use facility serving Oceanside and several neighboring jurisdictions in North San Diego County.	City of Oceanside CA	\$1,075
City of Ontario	Funds would help the City of Ontario prepare for a large fiber and wireless deployment in the western region of the community.	City of Ontario CA	\$1,000
City of Ontario	Rehabilitation of the historic Granada Theatre in Ontario.	City of Ontario CA	\$3,000
City of Palo Alto, California	Replacement of deficient fire station with modern facility better equipped for major disasters.	City of Palo Alto CA	\$3,000
City of Pismo Beach	Funding for the construction of a public beach access stairway, which was recently closed due to storm impacts.	City of Pismo Beach CA	\$1,000
City of Placentia	Project to build new Community Center/Senior Center facility.	City of Placentia CA	\$2,500
City of Placentia	Infrastructure improvements, including utility upgrades, under grounding of overhead utilities, street improvements, pedestrian and active transportation connectivity and facilities, in the Old Town Placentia.	City of Placentia CA	\$4,000
City of Sacramento	This funding would support the implementation of a job training and employment pilot program for individuals and families participating in Sacramento's motel voucher program.	City of Sacramento CA	\$2,000
City of Sacramento	Funding to install supportive Electrical Vehicle charging infrastructure and catalyze expanded electrification of the City of Sacramento municipal fleet.	City of Sacramento CA	\$4,300
City of San Diego	Expansion of the Ocean Beach Library to include more community spaces.	City of San Diego CA	\$4,000
City of San Diego	Funding to purchase off-grid solar electrical vehicle chargers.	City of San Diego CA	\$3,500
City of San Diego	Project to upgrade obsolete streetlights to improve reliability and lower the need for maintenance.	City of San Diego CA	\$2,000
City of San Diego	This funding would be used to strengthen the homeless services outreach workforce in the San Diego region.	City of San Diego CA	\$250
City of San Fernando	Project to install a nitrate treatment system at one of San Fernando's water wells, and install citywide Advanced Metering Infrastructure to promote smart water usage and conservation.	City of San Fernando CA	\$5,498
City of San Fernando	The Trolley Electrification Project switches the City of San Fernando's existing trolley system to zero-emission electric shuttle buses, and expands service by adding a third bus/line.	City of San Fernando CA	\$3,360
City of San Fernando	Funding for replacement of an existing bridge over the Pacoima Wash and street-level improvements that connect residents to the forthcoming Pacoima Wash Bike Path (a 1.3-mile pedestrian and bike path along a tributary to the L.A. River).	City of San Fernando CA	\$10,000
City of San José	Project to create better transit connections between the fast-growing San José International Airport and regional job centers, and to lower traffic congestion for the entire Bay Area region.	City of San José CA	\$1,500
City of San Leandro	This project will improve safety, access, and mobility for all roadway users along Bancroft Avenue and Williams Street.	City of San Leandro CA	\$4,000

City of San Mateo	Project to restore the Marina Library, which has serious structural damage due to shifting of its foundation.	City of San Mateo CA	\$1,500
City of Santa Ana	Project to enhance pedestrian safety, eliminate run-off and discharge of trash/debris into the roadway.	City of Santa Ana CA	\$2,000
City of Santa Clara	The project will upsize the existing storm drain system in the Anna Drive neighborhood east of San Tomas Aquino Creek to meet current flood protection requirements.	City of Santa Clara CA	\$3,000
City of Santa Clara	The project will make various modifications at the Great America Parkway and Mission College Blvd intersection to relieve congestion and support multimodal travel.	City of Santa Clara CA	\$3,000
City of Santa Clarita	This project will install fuel cell technology at 16 signalized intersections throughout the City of Santa Clarita to provide alternative power during extended power outages.	City of Santa Clarita CA	\$640
City of Santa Cruz	Reconstruction of the downtown Santa Cruz Public Library with the addition of 125 units of affordable housing.	City of Santa Cruz CA	\$5,000
City of Santa Cruz, California	Funding to purchase an under-utilized Armory building that will serve as a homeless shelter and resource center.	City of Santa Cruz CA	\$1,500
City of Santa Cruz	Funding for all-electric mixed-use 100% affordable transit-oriented Pacific Station North development project.	City of Santa Cruz CA	\$4,900
City of Santa Maria	Project to develop a cultural center designed to serve the community as a gathering spot for all cultures.	City of Santa Maria CA	\$1,767
City of Santa Paula	This project will install over 1.2 miles of vital utility pipeline to serve residents, businesses, and the greater Ventura County community.	City of Santa Paula CA	\$2,000
City of Santa Rosa	Project to replace aging equipment and create a new and improved playground within Martin Luther King Park.	City of Santa Rosa CA	\$1,027
City of South San Francisco	Project to build a new Civic Campus which will include a joint library and parks & recreation building.	City of South San Francisco CA	\$1,500
City of South San Francisco	Project to transform an undeveloped patch of land along Centennial Way Trail into a community recreation and education space.	City of South San Francisco CA	\$2,400
City of Sunnyvale	Project to rebuild Sunnyvale's Fire Station 2, which is one of only two facilities to offer numerous required training courses for firefighters countywide.	City of Sunnyvale CA	\$5,000
City of Temecula	The project would install a vehicular roundabout within the City of Temecula to address traffic congestion and delays, improve traffic safety, and maintain the rural character of the neighborhood.	City of Temecula CA	\$800
City of Torrance	The Torrance Temporary Housing Program combines housing stability in the form of "tiny homes" and case management / housing navigation.	City of Torrance CA	\$1,000
City of Tulare	Funding will support the construction of an emergency homeless shelter.	City of Tulare CA	\$1,500
City of Turlock	Funds for improvements to Turlock's Montana Community Park.	City of Turlock CA	\$2,400

City of Visalia	This project will provide sidewalk connectivity for residents in the northwest fringes of the downtown area and construct a major bicycle path through the center of downtown Visalia.	City of Visalia CA	\$1,218
Town of Colma	Project to improve energy efficiency and install more eco-friendly equipment at Colma Police Station to reduce repair costs and improve reliability.	Colma CA	\$1,012
City of Richmond	Expansion of the Richmond MOVES micromobility program, which is a demand-responsive, dynamically routed micromobility service, equipped with plug-in hybrid electric vehicles, that bridges mobility gaps and provides connectivity between locations throughout much of the City of Richmond.	Contra Costa County CA	\$1,921
The City of San Pablo	The project is for the development of new, publicly-accessible EV Charging Stations on two City-owned properties for personal and commercial EV vehicles to meet growing consumer demand and State-wide Zero-Emissions Goals by 2035.	Contra Costa County CA	\$3,000
City of San Ramon	This project replaces an antiquated communication infrastructure with a publicly-owned fiber optic network that allows for the expansion of existing and new public projects.	Contra Costa County CA	\$4,800
County of Contra Costa	Funding to develop Contra Costa's Just Transition Economic Revitalization Planning effort as the county's economy transitions to greener industries.	Contra Costa County CA	\$500
The City of San Pablo	The project is to complete the funding needed for a bridge replacement and "complete streets" approach to realigning the skewed, five-legged intersection on top of the bridge.	Contra Costa, Alameda, and Solano County CA	\$8,000
Metropolitan Transportation Commission	Funding would provide down payment assistance to low- income households who otherwise would be unable to afford a home in the communities in which they currently live.	Counties of Alameda, Contra Costa, San Francisco, San Mateo, Santa Clara, Napa, Solano, Sonoma, and Marin CA	\$5,000
CityTeam Oakland	Project to increase transitional housing space by 33%, expand food storage capacity, install industrial laundry facilities, create a no-cost thrift store, and provide space for triage case management at CityTeam Oakland's program center.	Counties of Alameda, Contra Costa, San Mateo, Santa Clara, and San Francisco CA	\$803
Sacramento Metropolitan Fire District	Funding to advance construction of the Zinfandel First Responder Training Facility, which will provide state-of-the-art facilities for multi-agency and multidisciplinary training programs and exercises.	Counties of Sacramento, Placer, El Dorado, Yolo, San Joaquin, Amador, Nevada, Calaveras, Alpine, Tuolumne, and Stanislaus CA	\$5,000
Hope through Housing Foundation	Pathways to Economic Empowerment and Homeownership delivers financial education and one-on-one coaching to increase socioeconomic achievement and self-sufficiency.	Counties of San Bernardino, San Diego, Los Angeles, Riverside, and Orange CA	\$480
San Francisco Food Bank	Funding would be used to purchase an efficient, solar panel system to power operations at the San Francisco-Marin Food Bank.	Counties of San Francisco and Marin CA	\$750
CityTeam San Jose	Funding to construct a Community Center at CityTeam's Grace Village, a 50-unit apartment complex that provides a safe, stable community for 200 women and children.	Counties of Santa Clara, Alameda, San Mateo, Stanislaus, San Francisco, and Contra Costa CA	\$1,754

Shasta-Tehama-Trinity Joint Community College Dist	Funding for Shasta College to purchase a multi-story live fire training tower and apparatus bay to expand its regional public safety training center in northern California.	Counties of Shasta, Tehama, and Trinity CA	\$2,657
County of Imperial	The project would replace the 82-year old Kalin Road Bridge over the New River in Imperial County with a new single span bridge, which would be built to current standards and improve the operational safety of the road and bridge crossing.	County of Imperial CA	\$4,800
County of Sonoma	Project to create resilient community greenspace corridors that can help minimize heat, better manage storm runoff, reduce fire risk, and provide expanded networks of safe non-vehicle transportation.	County of Sonoma CA	\$800
County of Del Norte	Funding for the complete renovation of three recreational fields at Pyke Field.	Del Norte County CA	\$1,500
County of El Dorado	The project will construct 1.2 miles of paved pedestrian and bicycle trail between neighborhoods, the hospital, and the community college on the south shore of Lake Tahoe. The project will reconnect the community by replacing a heavily trafficked bridge that was damaged by winter storms.	El Dorado County CA	\$5,000
El Dorado County Transportation Commission	Project to construct new consolidated Public Safety Campus.	El Dorado County CA	\$2,500
El Dorado County Transportation Commission	The project focuses on the primary arterial roadway located in the community, which provides critical and direct connection to US Highway 50.	El Dorado County CA	\$5,400
City of Encinitas	Project to implement mode shift, improve accessibility, provide community gathering spaces, restore the historic tree canopy, and revitalize the Leucadia business district.	Encinitas CA	\$5,000
The City of Fontana	This funding will help provide individuals experiencing homelessness with shelter and supportive services.	Fontana CA	\$4,000
San Joaquin Joint Powers Authority	The project will bring the Amtrak Fresno Santa Fe Station building and parking facility, safety and security equipment, and roof systems to a state of good repair through restoration, repair, and replacement as appropriate of deteriorated components of these systems, in keeping with the Secretary of the Interior's Standards for the Treatment of Historic Properties.	Fresno County CA	\$1,650
County of Fresno	The Project includes improvements to streets and sidewalks with an emphasis on ADA compliance. The County would like to provide basic amenities such as pedestrian facilities that are ADA compliant to improve community health and encourage alternative transportation to lower vehicle miles traveled.	Fresno County CA	\$5,000
City of Fresno	This project would relocate Federal Aviation Administration Facilities and Equipment at Fresno Yosemite International Airport.	Fresno, Tulare, Kings, Madera, Merced, Mariposa, Kern Counties CA	\$4,920
City of Hanford	Funding for necessary upgrades to the Hanford Veterans and Senior Building, including safety and accessibility improvements.	Hanford CA	\$561
County of Humboldt	To improve, retrofit, and reconstruct existing sidewalks and roadway on Redwood Drive in order to provide safe and convenient travel by all users, including pedestrians, bicyclists, motorists, and public transit.	Humboldt and Mendocino Counties CA	\$6,860
County of Imperial	The project would replace the 72-year old Brandt Road Bridge over the Alamo River in Imperial County with a new single span bridge.	Imperial County CA	\$4,800

City of Bishop	The project is street and sidewalk improvements as part of the plan to create a much needed "safe route to school" for kids.	Inyo County CA	\$2,000
Armona Union Elementary School District	This project will improve recreational activities for families, youth, and children by revitalizing the Armona Union Elementary School District's Recreation Park.	Kings County CA	\$5,000
County of Kings	Project to build a central public facility to provide supportive services to victims of family violence.	Kings County CA	\$5,000
Kings County Area Public Transit Agency	To help construct a new Regional Multi-Modal Transit Center in downtown Hanford.	Kings, Tulare, and Fresno County CA	\$5,000
YWCA Harbor Area and South Bay	Restoration and renovation of the historic Julia Morgan-designed YWCA in San Pedro, and the construction of a new two-story building for transitional housing for women and children escaping domestic and sexual violence, with program space for supportive legal, job development, human trafficking, and health care services, and expanded pre-school and child care services.	LOS ANGELES County CA	\$1,000
City of Lake Elsinore	Project will include required seismic repairs and other upgrades to the Auto Center Drive Bridge in Lake Elsinore.	Lake Elsinore CA	\$2,000
The Skid Row Housing Trust	This funding would strengthen security across permanent supportive housing buildings in Skid Row.	Los Angeles CA	\$1,077
City of Los Angeles	This project will provide a dedicated pedestrian and cycling bridge over active freight railroad tracks and Water Street.	Los Angeles CA	\$10,000
Discovery Cube Los Angeles	Community pavilion and gardens to expand STEM and environmental programming opportunities.	Los Angeles County CA	\$2,000
Los Angeles County Metropolitan Transportation Aut	The project will provide a key regional connection between the San Fernando and San Gabriel Valleys by linking key job and activity centers and providing a premium east-west transit service that would connect the communities of North Hollywood, Burbank, Glendale, Eagle Rock, and Pasadena.	Los Angeles County CA	\$5,000
Los Angeles County Metropolitan Transportation Aut	The project will improve north-south transit service along the Vermont Avenue corridor through enhanced connectivity to local and regional transit services, increased capacity and improved on-time performance.	Los Angeles County CA	\$5,000
Mayor's Office	Funding would support a citywide Eviction Filing System to track vital data on evictions, so that the Los Angeles Housing Department can implement and adjust policies, identify the most vulnerable tenants, and better allocate resources to hard-to-reach people facing evictions in order to prevent homelessness.	Los Angeles County CA	\$1,000
City of South El Monte	This project expands the Merced Avenue Greenway and continues the City's efforts to utilize street design in order to combat rising temperatures, increase pedestrian and bicyclist safety, and improve local water quality.	Los Angeles County CA	\$3,000
County of Los Angeles	This project is comprised of two different projects within the Willowbrook community. These projects provide enhancements to the transportation network allowing residents and visitors to the community greater and more accessible mobility. These projects include over four miles of pavement preservation and replacement of bus shelters.	Los Angeles County CA	\$2,448

County of Los Angeles	The project will include installation of Class II bike lanes and Class III bike boulevards, wayfinding signage, roadway resurfacing, landscaping medians, and other street design improvements.	Los Angeles County CA	\$2,500
Foothill Transit	The project will deploy 24 zero-emission double-deck buses in the San Gabriel and Pomona Valleys of Los Angeles County, one of the nation's most congested regions.	Los Angeles County CA	\$10,000
City of Pasadena	Project to purchase zero emission buses and associated refueling/charging stations to begin the transition of the Pasadena Transit fleet to zero emission transit vehicles.	Los Angeles County CA	\$3,000
California Science Center Foundation	Funds for the development of new and innovative exhibits and science learning/educational programming to be included within the California Science Center's planned new state-of-the-art museum facility, which will house the retired NASA Space Shuttle Endeavour.	Los Angeles County CA	\$8,000
San Gabriel Valley Regional Housing Trust	Provides for site acquisition, construction and capital improvements of affordable housing developments.	Los Angeles County CA	\$10,000
City of Glendora	The project focuses on construction of over 10 miles of active transportation infrastructure linking Glendora to the Metro L Line, neighboring cities, parks, services, retail, healthcare, and education.	Los Angeles County CA	\$5,000
City of West Hollywood	The project will implement the recommendations of the adopted West Hollywood Design District Streetscape Master Plan. Key features include pedestrian and bicycle safety improvements, upgraded pavement and sidewalks, new medians and curb extensions, upgraded street furniture and streetlights, storm-water management features, and installation of EV chargers and smart city infrastructure to futureproof the City's investment.	Los Angeles County CA	\$7,000
City of Avalon	The project will repair and enhance the structural integrity of the Pebbly Beach Road rock revetment.	Los Angeles County CA	\$2,000
City of Pasadena	Project to enhance public spaces along a major stretch of North Fair Oaks Avenue in the historically underserved community of Northwest Pasadena.	Los Angeles County CA	\$3,760
Los Angeles County	The project is part of the planned transportation network improvement program for the Santa Clarita Valley in northern Los Angeles County, California. The Bridge will extend the existing Commerce Center Drive across the Santa Clara River connecting the City of Santa Clarita and unincorporated LA County.	Los Angeles County CA	\$4,750
City of Burbank	This project will retrofit the existing bridge pedestrian barriers on both the Olive Avenue and Magnolia Boulevard bridges, which were constructed in 1959.	Los Angeles County CA	\$1,920
City of Burbank	This project will facilitate EV adoption and reduce greenhouse gases in the City of Burbank and the 5 and 134 freeway corridors by installing Direct Current Fast Charging (DCFC) for use by commuters, visitors, and residents of Burbank and the surrounding cities to reduce greenhouse gas emissions to benefit the Southern California region.	Los Angeles County CA	\$1,000
City of Santa Clarita	This project will improve traffic and pedestrian safety at Placerita Junior High School and William S. Hart High School by providing safe and accessible walking and biking facilities.	Los Angeles County CA	\$1,313
County of Los Angeles	The project consists of redevelopment for a lot for a new mixed-use project, including affordable housing, retail, transit plaza, a Metro training center, and a quality grocery anchor tenant.	Los Angeles County CA	\$950

County of Los Angeles	Support enhancements to the transportation network in the Florence Firestone community, which will provide a variety of mobility and safety enhancements for personal vehicles, public transit, and pedestrians within the community.	Los Angeles County CA	\$2,100
County of Los Angeles	The project provides enhancements to the transportation network allowing residents and visitors to the community greater, more accessible, and safer mobility. This suite of projects includes a new traffic signal installation, upgraded intersection safety improvements, and replacement of bus shelters.	Los Angeles County CA	\$1,600
County of Los Angeles	The project will implement pedestrian enhancements identified directly by the Walnut Park community in the adopted Walnut Park Community Pedestrian Plan.	Los Angeles County CA	\$800
City of Palmdale	The City of Palmdale's project would turn this currently unused building into an economic resource for the Antelope Valley.	Los Angeles County CA	\$2,000
City of Palmdale	Supports the railroad grade separation of Avenue M at the double-track at-grade crossing of the Southern California Regional Rail Authority (SCRRA) Metrolink/Union Pacific Railroad (UPRR) tracks in Palmdale.	Los Angeles County CA	\$2,000
Housing Authority of the City of Los Angeles	Project to help residents buy homes through a two-year wrap-around program supporting the complete needs of the homeowner.	Los Angeles County CA	\$350
Los Angeles County Metropolitan Transportation Aut	The project focuses on increased rail service along the entire Antelope Valley Line corridor between Lancaster and downtown LA. This proposed project includes critical infrastructure enhancements as well as additional platforms at the Lancaster Terminal and Santa Clarita Station.	Los Angeles County CA	\$5,000
Los Angeles County Metropolitan Transportation Aut	The project will improve multimodal connectivity in historically disadvantaged communities by constructing an active transportation project along Slauson Avenue from the future Metro Crenshaw/LAX Fairview Heights Station to the Metro A Line Slauson Station.	Los Angeles County CA	\$5,000
Los Angeles County Metropolitan Transportation Aut	The project seeks to establish bus and rail car manufacturing in LA County. This project will benefit underserved and transit-dependent communities by allowing Metro to accelerate bus and rail service projects and improvements.	Los Angeles County CA	\$5,000
Emotional Health Association	Funding for SHARE! Collaborative Housing, an evidence-based program that provides affordable, permanent supportive housing.	Los Angeles County CA	\$500
Southeast Asian Community Alliance	Funding for a community-led acquisition and preservation of property to protect and stabilize the Chinatown community during the post-COVID recovery period.	Los Angeles County CA	\$1,500
Water Replenishment District of Southern Californi	The Community STEAM Drought Resiliency Program takes a multifaceted approach to engage community members, educators and students from pre-K through college level on the important role groundwater plays in the urban water cycle.	Los Angeles County CA	\$140
County of Los Angeles	Project to renovate Charles White Park in Altadena.	Los Angeles County CA	\$3,617
San Gabriel Valley Council of Governments	The project includes various active transportation, bus system, and first/last mile improvements in the Cities of Azusa, Claremont, Covina, Glendora, La Verne, Pomona, and San Dimas near Arrow Highway and the existing and future Gold Line stations in East San Gabriel Valley.	Los Angeles County CA	\$5,805

City of Avalon	The project is to rehabilitate and substantially improve the Cabrillo Mole Ferry Terminal by making a modern, multi-modal transportation hub, upgrading the surrounding pedestrian facilities, and improving accessibility.	Los Angeles County, Orange County CA	\$5,000
Southern California Regional Rail Authority	Funding will be used to design electric charging infrastructure for heavy and light duty vehicles at Metrolink facilities across its service area.	Los Angeles, Orange, Riverside, San Bernardino, and Ventura Counties CA	\$1,516
Southern California Regional Rail Authority	This project will provide a cybersecurity framework to monitor security threats and build mitigation strategies for Metrolink.	Los Angeles, Orange, Riverside, San Bernardino, and Ventura Counties CA	\$439
Transportation Authority of Marin	Construct Part Time Transit Lanes on the shoulders of US 101 in Marin County to provide transformative travel time savings to buses operating in this congested corridor.	Marin County CA	\$2,426
Marin County Transit District	The project will establish a bus facility for the electric vehicle parking charging and vehicle maintenance. The six acre parcel will provide the space for three bus maintenance bays, parking for 80 fixed route buses and a site to provide electric bus charging.	Marin County CA	\$10,000
County of Mariposa	Construction of ambulance bay in Wawona to improve response times in Yosemite National Park and Mariposa County.	Mariposa County CA	\$400
County of Merced	Project to construct a new library next to Del Hale Hall Community Center, located within a large County park.	Merced County CA	\$3,500
County of Merced	Project to construct a new public park in the unincorporated community of Franklin-Beachwood, which currently has no parks.	Merced County CA	\$3,500
Monterey-Salinas Transit District	To implement the Zero Emission Bus and Microgrid Project which includes purchase of battery electric buses and charging infrastructure, as well as initial work for a microgrid system.	Monterey County CA	\$2,250
Transportation Agency for Monterey County	Project provides operational improvements and addresses safety issues along northbound US 101 south of Salinas.	Monterey County CA	\$1,000
County of Monterey	The project would enhance trail access at Veterans Way to provide safe access to the proposed Skate and Bike Park located at the County and City recreational campus in East Salinas.	Monterey County CA	\$500
Marin Clean Energy	This project would expand the number of charging stations, which would significantly reduce emissions and provide greater access to electric vehicles in Marin County, Sonoma County, Solano County, and Napa County.	Napa, Solano, Contra Costa and Marin County CA	\$2,000
Bear Yuba Land Trust	Rebuild a fire-damaged historic wheelchair-accessible wilderness trail.	Nevada County CA	\$1,500
County of Nevada	The project will install sidewalks and bike lanes along the busy Combie Road corridor.	Nevada County CA	\$1,471
The Oakland Museum of California	Project to enhance urban gardens at the Oakland Museum to improve community access and opportunity for programming.	Oakland CA	\$1,000
People For Irvine Community Health DBA 2-1-1 Orang	The 211Rides program provides thousands of low-income, elderly, and disabled veteran residents with access to reliable, safe transportation options in coordination with local and regional transportation agencies. The proposed expansion of service would increase access to transit for high-need individuals.	Orange County CA	\$2,000

Orange County Transportation Authority	Pilot project to replace buses that have reached end of service life with zero-emissions buses.	Orange County CA	\$3,000
Anaheim Transportation Network	To launch a new, after-hours night owl service with all-electric vans that will promote equity by connecting workers to employment centers during late night and early morning hours.	Orange County CA	\$800
City of Huntington Beach	Project to construct a new community center and library in the Oak View community.	Orange County CA	\$3,000
City of Costa Mesa	The City of Costa Mesa seeks funds to install electronic vehicle charging stations at various locations throughout the City to promote clean energy, reduce emissions, and align city projects with federal and statewide energy goals.	Orange County CA	\$750
City of Costa Mesa	To improve bicycle accessibility and mobility and to improve safety on Adams Avenue from the Santa Ana River Trail to Fairview Avenue. This project connects to regional bicycle facilities and a high quality bicycle facility along the corridor will promote bicycling and walking.	Orange County CA	\$2,500
City of Fullerton	This project will rehabilitate State College Blvd. in the City of Fullerton which needs substantial road rehabilitation, ADA upgrades, and water main replacement. The roadway currently has a Pavement Condition Index (PCI) of 37, which is classified as "very poor" per American Society for Testing & Materials.	Orange County CA	\$4,000
City of Stanton	The project will remove abandoned railroad tracks and replace it with a two-lane bike trail, complete with safety features including enhanced lighting and safety bollards. This project will also convert the additional space within this 1.26-acre stretch of vacant railroad right-of-way into a linear public dog park, complete with tube-steel fencing, shade structures, drinking fountains, dog bag dispensers, and more.	Orange County CA	\$2,500
City of Santa Ana	The project would rehabilitate the historic Cypress fire station and create a multi-purpose community space for youth, families, and seniors in the City.	Orange County CA	\$2,000
Orange County Transportation Authority	The Harbor Boulevard Connected Bus Pilot Project aims to to decrease travel times, improve scheduling reliability, and increase safety.	Orange County CA	\$3,000
Orange County Transportation Authority	The Garden Grove - Santa Ana Rails-to-Trails Gap Closure will link two downtown cities and connect to the Santa Ana River Trail, part of the OC Loop bikeway.	Orange County CA	\$3,000
County of Placer	The Placer Parkway project will serve the communities of Lincoln, Rocklin, Roseville, and rural western Placer County with an alternative transportation choice to State Route 65, Interstate 80, and the local transportation network.	Placer County CA	\$5,000
Eden Housing Inc.	This will support affordable housing units for vulnerable citizens, including those that are at or below the poverty line, formerly homeless, special needs individuals and the elderly.	Richmond CA	\$3,500
Coachella Valley Association of Governments	Project to address the negative impacts of roadway closures in the western Coachella Valley that occur due to flooding and blowsand.	Riverside County CA	\$3,000
SunLine Transit Agency	SunLine Transit Agency proposes to construct a solar microgrid at its facility, harnessing the abundant solar energy in the Palm Desert and storing it in an on-site battery storage plant.	Riverside County CA	\$7,915

City of Calimesa	Supports construction of intersection improvements at County Line Road and Calimesa Boulevard. A roundabout intersection is proposed to replace an existing traffic signal.	Riverside County CA	\$3,000
City of Banning	To support a grade separation and interstate interchange improvement project to improve safety, ease traffic congestion, facilitate goods movement, and enable new business developments expected to create over 8,500 new jobs.	Riverside County CA	\$1,500
City of Temecula	Project to construct a modular outdoor skate park on City-owned property to improve recreational opportunities.	Riverside County CA	\$750
Riverside County Transportation Commission/CalTran	Project to develop daily intercity passenger rail service between Los Angeles and the Coachella Valley in Riverside County, through the San Geronio Pass.	Riverside, San Bernardino, Orange, and Los Angeles County CA	\$5,000
Sacramento Regional Transit District	The modernization of the light rail system will increase reliability, improve accessibility, and encourage transit ridership. The existing vehicles and station configuration limit the mobility of many community members since they are high floor vehicles and boarding and alighting must take place via steep stairs.	Sacramento County CA	\$8,700
City of Elk Grove	This project would build a Class 1 bicycle/pedestrian overcrossing over State Route 99 along the Laguna Creek Inter-Regional Trail System which fills a gap, removes a major barrier, and creates a continuous trail of over 7 miles that increases public health and safety.	Sacramento County CA	\$2,000
City of Elk Grove	The project will make significant improvements to Historic Old Town Elk Grove to ensure it is ADA accessible, has safe pedestrian and bicycle features, and will provide significant traffic congestion relief.	Sacramento County CA	\$2,000
Capital SouthEast Connector Joint Powers Authority	The project will construct a regional Class 1 Multi-Use bike path, expand broadband capabilities, and implement Intelligent Transportation System element through the installation of smart corridor fiber optic conduit.	Sacramento County CA	\$4,000
Sacramento County	Project to improve pedestrian safety by installing new street lights and sidewalk in-fill in disadvantaged neighborhoods in the North & South City Farms Region, and around Hamilton Street Park and along 50th Avenue.	Sacramento County CA	\$2,000
Sacramento County	Project to renovate facilities at Mather Community Campus, which is a 12-month employment and rehabilitative transitional housing program for veterans and families.	Sacramento County CA	\$1,000
Fair Oaks Recreation & Park District	Project to renovate and make ADA accessibility improvements to Veteran's Memorial Amphitheatre.	Sacramento County CA	\$4,230
Sacramento Area Council of Governments	"Green Means Go" is a multi-year pilot program to increase housing options and affordability, while lowering greenhouse gas emissions and vehicle miles traveled.	Sacramento, Placer, Yolo, Sutter, Yuba, and El Dorado Counties CA	\$1,250
Inland Valley Development Agency Joint Powers Auth	The project serves to complete roadway improvements along the north side of 3rd Street between the Victoria Avenue intersection to the Sterling Avenue intersection.	San Bernardino CA	\$3,000
Omnitrans	Funding to purchase fuel cell electric buses, as part of Omnitrans goal to convert its entire 40-foot bus fleet to zero emissions.	San Bernardino County CA	\$2,455

Housing Authority of the County of San Bernardino	Rehabilitation and upgrades to the 7th Street community will preserve this affordable housing site for future generations and improve the standard of living for the families who call the community home.	San Bernardino County CA	\$3,000
City of Chino Hills	To improve the infrastructure in the underserved community of Los Serranos. The money will be used specifically for new sidewalks and ADA improvements, curbs and gutters, pavement rehabilitation, and street lights.	San Bernardino County CA	\$1,000
City of Hesperia	The project is to construct a critical arterial roadway connection on Cedar Avenue to better facilitate traffic movements and improve safety for motorists, pedestrians, and cyclists. The current state of the street is unimproved (unpaved) and dips into a major wash.	San Bernardino County CA	\$2,000
City of Rialto	Improvements to Cedar Avenue to better facilitate traffic movements and improve safety for motorists, pedestrians, and cyclists.	San Bernardino County CA	\$2,400
City of Highland	The project is for improvements at State Route 210 and 5th Street, which is a major access point within the City of Highland.	San Bernardino County CA	\$3,000
City of Yucaipa	This project will improve access to existing and planned land uses and address future growth in local and regional traffic operations and provide better access to I-10, which would reduce queues at adjacent local intersections and congested on- and off-ramps.	San Bernardino County CA	\$2,500
City of Rancho Cucamonga	Project to improve the flow of vehicle traffic and improve safety, through remote management and coordination of traffic signals to be responsive to real-time situations.	San Bernardino County CA	\$5,000
The City of Fontana	This project constructs a 1.25 mile recreational trail along the San Sevaine Channel in the cities of Rancho Cucamonga and Fontana.	San Bernardino County CA	\$3,000
West Valley Water District	Project to protect the integrity of West Valley Water District's operations from cyber attacks.	San Bernardino County CA	\$500
San Bernardino County Transportation Authority	This project will replace existing bridges on North First Avenue over the Mojave River and the Mojave River Overflow.	San Bernardino County CA	\$3,000
City of San Diego	Project to implement bikeways within Downtown San Diego to provide linkages within and to surrounding neighborhoods.	San Diego CA	\$3,500
North County Transit District	Funding to procure hydrogen fuel cell electric buses, to replace natural gas buses at the end of service life.	San Diego County CA	\$2,800
County of San Diego, California	Project to build a 6-story training tower at the San Diego County Fire Training Center to enhance the training of County and CAL FIRE firefighters.	San Diego County CA	\$1,650
City of Del Mar	Funding is meant for the remaining cost of the Camino Del Mar Bridge Replacement Project. The project will replace the existing bridge, add bike lanes and sidewalks to both sides of the structure with pedestrian overlook areas, reduce impacts to the adjacent environmentally fragile wetland, and improve the hydrology of the San Dieguito River.	San Diego County CA	\$2,200
Port of San Diego	This project will provide commercial and military vessels with more berthing flexibility and enhance the resiliency of a specialized maritime terminal that supports the global supply chain at the Port of San Diego.	San Diego County CA	\$2,000

City of Escondido	The project widens sidewalks, improves crossing points, calms traffic with traffic circles and installs convenient diagonal parking on one side of Escondido's historic Grand Avenue between Escondido Blvd. and Juniper St.	San Diego County CA	\$4,000
City of Escondido	The project would relieve congestion, and improve safety and accessibility to local businesses, planned development and an elementary school. The project builds traffic signals that is currently restricted due to crash history.	San Diego County CA	\$1,400
San Diego County Regional Airport Authority	Funding would be used for the purchase and installation of electric charging stations for the use of electrical Ground Support Equipment at San Diego International Airport.	San Diego County CA	\$3,300
North County Transit District	Project to install approximately 1.5 miles of second mainline rail track to the Los Angeles-San Diego-San Luis Obispo coastal rail line within the U.S. Marine Corps Base Camp Pendleton.	San Diego County CA	\$3,000
San Diego Association of Governments	The Central Mobility Hub will support a direct transit connection between the San Diego International Airport and the greater San Diego region.	San Diego County CA	\$10,000
City of Oceanside, California	Project to make infrastructure and physical infrastructure to improve safety of students traveling to and from school.	San Diego County CA	\$2,300
City of Solana Beach	This project will improve multi-modal access around the City and increase safety for pedestrians and bicycles along Lomas Santa Fe by constructing a multi-use trail, widening sidewalks, extending curbs, improving ADA compliance, improving signal timing to increase pedestrian and driver awareness and reducing congestion.	San Diego County CA	\$5,000
The Friendship House Association of American India	The Village SF will offer medical, dental, behavioral, youth, and elder services San Francisco's 9,000+ American Indians/Alaska Natives.	San Francisco CA	\$2,000
City and County of San Francisco	Project to open 200 new cabins with private modular units, bathrooms and showers, heat, and electricity to serve as temporary shelter for people experiencing homelessness.	San Francisco CA	\$5,000
San Francisco Market Corporation	Project to complete architecture, engineering, and construction activities, allowing the SF Market to move directly into construction on a new wholesale distribution facility that will house additional merchant businesses and the Market's community food program that supplies 1 million pounds of food annually to local and regional food insecure community members.	San Francisco CA	\$1,875
San Francisco County Transportation Authority	The Yerba Buena Island West Side Bridges Seismic Retrofit Project will bolster safety and mobility for residents and visitors of Yerba Buena and Treasure Islands.	San Francisco County CA	\$7,000
Transbay Joint Powers Authority (TJPA)	Improve the wayfinding system at the multimodal Salesforce Transit Center in downtown San Francisco to make it easier for the Bay Area's diverse communities of transit riders to navigate the Center and reach their multi-modal connections and destinations.	San Francisco County CA	\$1,060
Peninsula Corridor Joint Powers Board (Caltrain)	The Peninsula Corridor Electrification Project requires a new signal system corridor wide--a necessary enhancement of the original project design.	San Francisco, San Mateo and Santa Clara Counties CA	\$10,000
Tri-Valley – San Joaquin Valley Regional Rail Auth	The project will provide a local source of green hydrogen fuel for the near-term use of local bus transit operators in San Joaquin and Alameda Counties.	San Joaquin, Alameda, and Contra Costa counties CA	\$4,000

City of San Jose	This funding would help provide interim housing for homeless families with children in San Jose.	San Jose CA	\$3,000
City of Morro Bay	Structural improvements to Morro Bay's North-T Pier.	San Luis Obispo County CA	\$3,800
City/County Association of Governments of San Mateo	This project will enhance safety for bicyclists, improve mobility options for all travelers, and provide connectivity between multiple transportation modes.	San Mateo County CA	\$760
San Mateo County Transportation Authority	Project will include realignment of the US 101/SR 92 interchange, implementation of dedicated bicycle facilities and pedestrian access improvements in the area, and implementation of a new transit mobility hub.	San Mateo County CA	\$5,000
Town of Colma	The project focuses on the reconfiguration of an intersection, which will include realignment of the roadway to accommodate proper ingress and egress into the Mission Road Residential Business District. It also includes the installation of a three-leg signal.	San Mateo County CA	\$2,645
City of Half Moon Bay	The project includes the extension of a 10-foot wide multi-purpose Class I trail and reconfiguration of the existing, non-standard signalized intersection. This project also includes a new bridge crossing over Frenchman's Creek and is an extension of the Highway 1 Safety projects.	San Mateo County CA	\$2,000
County of Santa Barbara	This project would provide improved multimodal circulation and environmental enhancements on Hollister Avenue and State Street between San Antonio Road on the west and State Route 154 on the east.	Santa Barbara County CA	\$1,500
County of Santa Barbara	Funding to help purchase a suitable building to house the Orcutt Branch Library.	Santa Barbara County CA	\$2,000
Santa Barbara County Association of Governments	The project is a segments of a planned 16-mile High Occupancy Vehicle (HOV). The lanes will complete a 2.5 mile gap on this segment of U.S. 101 and are a significant part of a larger multimodal strategy, which includes peak hour rail passenger service, local and interregional transit service, and an interconnected active transportation network to increase bicycling and walking.	Santa Barbara and Ventura county CA	\$7,000
Capitol Corridor Joint Powers Authority	The project is to install track siding with two new #15 power turnouts, signaling and other necessary site work, and will reduce train delays caused by conflicting movements and traffic associated with the nearby Great American passenger rail station and the adjacent intersection of two mainlines at CP Coast.	Santa Clara CA	\$6,000
Midpeninsula Regional Open Space District	Project will create a new segment of the Bay Area Ridge Trail and support closing the significant gap posed by Highway 17 in the Santa Cruz Mountains.	Santa Clara County CA	\$400
City of Sunnyvale	The project will encourage safer routes to a school system of 3,500, which will encourage walking and biking	Santa Clara County CA	\$5,625
Santa Clara Valley Transportation Authority	Project to upgrade the San José Diridon Station to create a more equitable, lower impact, and more connected City and region.	Santa Clara County CA	\$3,500
Resource Conservation District of Santa Cruz Count	This project upgrades a critical transportation corridor to create climate resilient infrastructure essential to enabling restoration of ecosystem function and structure within the Scott Creek estuary. The project will result in the removal of all of the fill placed in the historic estuary to build Highway 1, and it will also result in construction of a significantly higher bridge deck.	Santa Cruz County CA	\$3,500

Santa Cruz County Regional Transportation Commission	To develop 17 miles of the Coastal Rail Trail in Santa Cruz County and connect visitors and residents of all incomes and abilities to goods, services, and recreational areas.	Santa Cruz County CA	\$6,800
Santa Cruz Metropolitan Transit District	The project will replace six gasoline non-revenue vehicles that have exceeded their lifespan with six non-revenue electric vehicles (EVs). METRO sees this significant vehicle replacement challenge as an opportunity to transition to a fully electric fleet.	Santa Cruz, Santa Clara and Monterey County CA	\$229
Santa Cruz Metropolitan Transit District	This project funds construction of a new ParaCruz Operation and Administrative Facility in Santa Cruz County. The purpose is to address an unmet need for a permanent operation and administrative facility to accommodate increased fleet size and growth in future service for seniors and persons with disabilities.	Santa Cruz, Santa Clara, and Monterey County CA	\$5,517
City of Santa Monica	Funding for the Santa Monica Fire Department to complete the construction of a regional satellite training center to provide real-time preparedness training for emergency response personnel throughout Los Angeles County.	Santa Monica CA	\$4,000
Santa Monica, CA	Project will upgrade over 1000 streetlights into low-energy lighting standards that are also electric-ready for electric vehicle charging.	Santa Monica CA	\$2,000
City of Vacaville	The project would make improvements to the Vaca Valley Parkway corridor from west of the Vaca Valley Parkway/East Monte Vista Avenue/Crocker Drive intersection to east of the northbound on/off ramps with Interstate 505.	Solano County CA	\$4,000
Sonoma-Marin Area Rail Transit District (SMART)	The project will construct signalized pedestrian crossings of four street-track intersections between Southwest Santa Rosa and Rohnert Park. The project will provide safe, non-motorized first- and last-mile connections to SMART rail stations in Santa Rosa and Rohnert Park.	Sonoma County CA	\$1,600
Town of Windsor, CA	The project proposes to improve the existing US 101 underpass by widening the existing bridge structure with modified tie-back walls to allow for the addition of bi-directional Class I bike pathways and pedestrian facilities along both sides of the Old Redwood Highway undercrossing at the US 101 interchange.	Sonoma County CA	\$840
Stanislaus Council of Governments	Funding would be used to purchase right of way for a project to improve transportation and goods movement in the Central Valley.	Stanislaus County CA	\$7,000
City of Stockton	Project to transform Stockton's California Street into a complete street as envisioned in the City's Bicycle Master Plan.	Stockton CA	\$4,000
City of Farmersville	The project seeks to repave and renovate eight major dirt and gravel alley segments in Farmersville.	Tulare County CA	\$900
City of Farmersville	The project will rehabilitate areas of south Farmersville, which have missing segments of sidewalk and curb ramps, to improve accessibility and mobility.	Tulare County CA	\$500
San Joaquin Joint Powers Authority	The project will improve transit connectivity through better wayfinding at and around the Amtrak Hanford Station, provide safety and security enhancements and bring the deteriorating station building components into a state of good repair.	Tulare, Kings, and San Joaquin Counties CA	\$2,100
County of Yolo	This project will transform a vacant field into a seven acre community park located in the center of the rural community of Knight's Landing.	Yolo County CA	\$2,300

City of West Sacramento	The project will convert the top deck of the historic double-deck I Street railroad drawbridge from motor vehicle access to a dedicated bikeway/walkway, connecting two designated disadvantaged, low-income community zones in the cities of West Sacramento and Sacramento.	Yolo and Sacramento Counties CA	\$4,933
