The Honorable Patty Murray
Chair
Senate Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Chair Murray,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2025 Subcommittee on Homeland Security Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Alex Padilla

**Padilla, Alex(D-CA) Homeland Security
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
City of Concord	Funding to upgrade the City's Emergency Operations Center.	City of Concord CA	\$3,000
City of Alameda	Funding for the for the Oakland-Alameda Estuary Flood Adaptation Project to prevent tidal inundation and will mitigate inland flooding with nature-based solutions.	City of Alameda CA	\$3,000
City of Atascadero	This project will equip the City of Atascadero's Emergency Operations Center with the necessary technology to support coordinated response efforts.	City of Atascadero CA	\$1,500
City of Carson	Project to make enhancements to Carson's Emergency Operations Center.	City of Carson CA	\$2,000
City of Fontana	This funding will support the City of Fontana's project to create a permanent facility for its Emergency Operations Center.	City of Fontana CA	\$3,000
City of Indian Wells	Project to build a new Emergency Operations Center.	City of Indian Wells CA	\$2,250
City of Los Alamitos	This project will update the City of Los Alamitos' Emergency Operations Center.	City of Los Alamitos CA	\$383
City of Oxnard	This project will support the reconstruction of a section of the Mandalay Bay Seawalls	City of Oxnard CA	\$2,812
City of Palm Desert	The requested funding will support development of a comprehensive resiliency plan for the City of Palm Desert.	City of Palm Desert CA	\$1,125
City of Rancho Cucamonga	This project will relocate the Ranch Cucamonga Emergency Operations Center to enhance access, provide greater flexibility in the use of space, and facilitate future growth.	City of Rancho Cucamonga CA	\$5,000
City of Santa Clarita	This project will install backup hydrogen fuel cell battery storage and equipment for traffic signals at intersections throughout the City of Santa Clarita in an effort to improve local emergency preparedness, specifically during events that may cause a power outage such as high wind events.	City of Santa Clarita CA	\$665
City of Thousand Oaks	Funding for the installation a battery energy storage system and associated microgrid infrastructure to develop the City's Emergency Evacuation Center into a fully functional Community Resilience Center that is able to operate off-grid in the event of emergencies, power outages, and heat waves.	City of Thousand Oaks CA	\$3,000
City of Westminster	Project to upgrade the City's existing Emergency Operations Center (EOC) and establish an Alternate EOC site.	City of Westminster CA	\$1,000
Utica Water and Power Authority	This project will conduct a feasibility study to provide a detailed alternative analysis regarding the replacement and hardening of wooden flumes at risk of damage from natural disasters such as wildfire, landslide, and treefall.	County of Calaveras CA	\$272
Klondike Canyon Geological Hazard Abatement District	Funding to mitigate landslides in the Klondike Canyon Geological Hazard Abatement District by reducing water infiltration into subsurface soil and the pumping of subsurface water.	County of Los Angeles CA	\$4,003
Los Angeles County Department of Public Works	Funding to support the Lake Hughes Master Drainage Plan project identify measures to mitigate long-term flooding.	County of Los Angeles CA	\$900
Abalone Cove Landslide Abatement District	The Abalone Cove Landslide Stabilization Project will create a natural lining to the Altamira Canyon to provide a path for surface water directly to the ocean, keeping the water out of the slip plane and stabilizing the Abalone Cove Landslide.	County of Los Angeles CA	\$4,900

City of Paramount	Funding to upgrade the City's Emergency Operations Center.	County of Los Angeles CA	\$2,000
Marin Municipal Water District	The Pine Mountain Tunnel Seismic Retrofit Project will replace a seismically deficient tunnel used for water storage with circular pre-stressed concrete tanks.	County of Marin CA	\$1,500
County of Orange	Project to reduce the impact of falling rock at the base of the Dana Point Harbor bluffs to improve the safety of pedestrians, cyclists, and vehicles.	County of Orange CA	\$1,360
Midway City Sanitary District	This project will create a microgrid which will include the installation of solar panels and battery storage/backup, and electric vehicle chargers for use by MCSD's fleet.	County of Orange CA	\$1,500
City of Chino Hills	This project seeks to increase wildfire mitigation and fuel modification efforts to proactively reduce wildfire-related risks that threaten critical infrastructure, habitats, private property, and lives.	County of San Bernardino CA	\$1,875
San Diego County Water Authority	Project to build a new Emergency Operations Center.	County of San Diego CA	\$1,000
San Pasqual Band of Mission Indians	Project to build an Emergency Operations Center that also houses the entire tribal fire and police departments.	County of San Diego CA	\$3,000
City of Patterson	Funding for a modernized Emergency Operations Center.	County of Stanislaus CA	\$5,000
United Water Conservation District	Project to increase the seismic resilience of Santa Felicia Dam and increase the passthrough capacity of the spillway to safely pass extreme flood flows.	County of Ventura CA	\$3,000
